principal's message

When it comes to saying there is a time to do this or a time to do that, there is no end to what can be added to "It is time to . . ." Yet on certain occasions some things mean much more than at any other time. Then the "It is time to's" become appropriate, they have meaning for that time only, they take on a special significance that the words can only hint at. This year's El Molino has captured the time of 1967-1968, and I have made a few comments to add which I think can be said only today, at the close of this school year.

IT IS TIME TO look forward, to put your plans into action, to carry your dreams from this year at Hawthorne High to reality in the future of tomorrow.

IT IS TIME TO be proud of what you have given to Hawthorne High and to what you are taking from it.

IT IS TIME TO tell you undergraduates that it is your job to maintain the fine traditions of Hawthorne High, for the next year they will be your responsibilities.

IT IS TIME TO congratulate you Seniors — soon to be alumni — and to wish for you much success and my best for your future. I think the 1968 class has been one of our finest and I thank each one of you for helping to make it so.

IT IS TIME TO think of your classmates — your friends who are leaving or the friends you are leaving.

IT IS TIME TO celebrate the day, this day, and this day every year as an important milestone along the road of life, in the future, for it is a proud day— a mark of achievement in your personal history and in the records you have made for Hawthorne High.

IT IS TIME TO say goodbye to a year that will never exist again. But with this yearbook I hope you will remember it as fondly as I do.

time out for assemblies

These three H.H.S. students seem totally unaffected by the goings on created by Monday's Bermuda Day.

Joe Norcross carries his slave, Grace O'Brien, out of Nyman Hall in a "Me Tarzan, you Jane" style during Monday's slave auction.

After twenty years of storage, Dad's old tie is back in circulation making Thursday's Tie Day a fun filled success.

pep week

"Happiness" was the theme of '68's PEP WEEK. Something new was added to the annual week of fun and games. Tie day brought Dad's old rejects out of the closet. A beard growing contest found six H.H.S. students hopeful of the winning growth of whiskers. PEP WEEK was truly full of "Happiness" and unforgettable memories.

This fellow certainly is full of the Christmas spirit, but someone should tell him Christmas is over!

Tuesday's Hat Day was the picture of many laughable ideas of fashionable head apparel.

Nina Lundborg
Our Foreign Exchange Student
from Sweden

This year has been full of wonderful and exciting experiences. It's a year I'll never forget. Thanks to the students and administration for having made my stay here all that it has been, and accepting me as one of you. Hawthorne High is a great school and I am proud to have been a student here. When I go home to Sweden, I will try to use some of your good ideas in my own school. I wish you all good luck in the future. You will always be with me in my thoughts. And one day I hope to see you all again.

Sincerely,

Nina Lundborg

"The Crucible," by Arthur Miller is an exciting drama about the Salem Witch trials in 1692. The story illustrates how the small lies of children can grow and grow until the entire town is aroused. After some torturous moments, more than thirty persons are convinced of witchcraft. A thrilling but oddly terrifying play, it depicts the monstrous course of bigotry and deceit.

Pictured below are Debbie Mimishian, Anita McCullum, Virginia Groseth, and Neil Royce.

Rehearsing for scene below are Penny Murphy, Keith Peters, Virginia Groseth, Chuck Collins, and Neil Royce.

BARBARA KMIECIAK

Finland was my destination in mid-June last year and after a 13-day journey from New York to Helsinki, I finally met my Finnish family.

I lived 10 miles outside of Helsinki in a forest area with my mom, Vuokko, my dad, Pauli, my sisters, Anne, 15 and Paula, 12. Our house was modern, complete with a sauna which is the traditional bath dating back to early Finnish times.

My trip was highlighted by a car trip through northern Finland, Norway and Sweden, more generally known as Lapland. The area is inhabited by the natives called Lappies who herd reindeer for their livings and live in teepee-like huts, much like our American Indians.

I left Finland with 35 other A.F.S.ers late in August with twice as much baggage and a thousand more memories than I started with. A.F.S. is a personal experience that can only be fully appreciated by A.F.S.ers. As the program expands, we hope that our experiences can be shared by an ever-increasing number of families and students all over the world.

thanks to all

a time for the editor

The 1967-68 El Molino Staff has worked very hard this year to put out the finest book ever. I would like to thank all the staff members for their diligent work.

However, it takes much more than the immediate staff to produce a fine book. I would like to thank Mr. Hall and all his photographers, Sanford Studio, the Administration, our advertisers and our publishers, R. Wallace Pischel, Inc.

Also, thanks to you, the students, teachers, coaches and clubs for cooperating with our staff.

Thank you,

Janet Arruckastegui
